

Tribal Crash Data Tools Pilot Program Questionnaire

The Tribal Transportation Safety Management System Steering Committee is implementing a special project to help Tribes improve crash data collection and analysis capabilities.

Your responses to the following questions will help identify crash data collection and analysis practices currently used. You will have an opportunity to volunteer for pilot participation during this survey. Please email the completed form to TribalCrashData@qk4.com

For any questions that have multiple selection options, please select all appropriate answers that apply. All questions are optional. Therefore, if you're unsure how to answer a question just skip it.

Section A – Status of your Tribe's Current Crash Reporting

1. What law enforcement agency or agencies respond to crashes in your area?

- ☐ Tribal Police
- ☐ BIA Law Enforcement
- ☐ State Police
- ☐ County Sheriff's Office
- ☐ Local/Municipal Law Enforcement
- ☐ Other: Please Specify

2. If Tribal Police collect crash data, what is their collection method?

- ☐ Electronic Crash Report Form
- ☐ Incident report that is also used for other police action reports
- ☐ Paper Crash Report Form
- ☐ Unknown

Please provide any additional details:

3. Is the crash data collected by these agencies available to the Tribe's Transportation or Planning Department?

- ☐ Yes
- ☐ No
- ☐ Unknown

If "No", are there any specific reasons?

If "Yes", please provide any details regarding accessibility, data format, etc.

Tribal Crash Data Tools Pilot Program Questionnaire

4. If the Tribe collects crash data, is it shared with any entity outside of the Tribe?

☐ Yes

☐ No

If "Yes", how is the data shared?

5. Has your Tribe utilized crash data to develop projects and programs?

☐ Yes

☐ No

If "Yes", please explain how:

6. Does your Tribe's Transportation Safety Plan identify a need for crash data improvement?

☐ Yes

☐ No

☐ Our Tribe does not have a Transportation Safety Plan

☐ Unknown

7. Would your Tribe be willing to share crash data if personal information was removed from the shared information?

☐ Yes

☐ No

☐ Unknown

If "Yes", with whom would the Tribe be willing to share this data?

☐ FHWA

☐ BIA

☐ State Agencies

☐ County Agencies

☐ Local Municipal Departments

☐ Other: Please Specify

8. What crash data improvements, if any, are needed at your Tribe?

Tribal Crash Data Tools Pilot Program Questionnaire

Section B – Roadway Safety Data

1. Does your Tribe maintain a database of roadway attributes?

- ☐ Yes
☐ No
☐ Unknown

If “Yes”, what type of database?

--

If “Yes”, what attributes are stored?

- | | |
|--|--|
| <input type="checkbox"/> GIS Centerlines | <input type="checkbox"/> Traffic Volumes |
| <input type="checkbox"/> Signs | <input type="checkbox"/> Speed Limits |
| <input type="checkbox"/> Signals | <input type="checkbox"/> Lighting Conditions |
| <input type="checkbox"/> Lane Width | <input type="checkbox"/> Crosswalks |
| <input type="checkbox"/> Shoulder Width | <input type="checkbox"/> Pavement Markings |
| <input type="checkbox"/> Surface Condition | <input type="checkbox"/> Intersection Geometry |
| <input type="checkbox"/> Roadside/Clear Zone Hazards | <input type="checkbox"/> Curve Geometry |
| <input type="checkbox"/> AADT | <input type="checkbox"/> Bicycle Facilities |

Please list any other roadway data attributes your Tribe collects.

--

2. Is there any additional roadway safety data that your Tribe collects?

--

Section C – Contact Information

1. Your Contact Information:

Name

Tribe

Title / Department

Street Address

City, State Zip Code

Telephone

Email

Tribal Crash Data Tools Pilot Program Questionnaire

2. Is there anyone else from your Tribe who should participate in this survey?

☐ Yes

☐ No

If "Yes", what is their contact information?

Name

Department

Title

Street Address

City, State Zip Code

Telephone

Email

Section D – Pilot Program Participation

A project is underway to further develop the Tribal Crash Reporting Toolkit. The final product is envisioned to be easy to use for crash data collection, reporting, data sharing and analysis. Any data collected by these tools during or after the Pilot will remain at the Tribe unless the Tribe chooses to share.

1. Is your Tribe interested in participating in the Pilot Program?

☐ Yes

☐ Not currently

☐ Maybe, need to get approval

2. Will your Tribal leadership support your participation in the Pilot and direct other departments to participate?

☐ Yes

☐ No

☐ Uncertain

☐ Probably, I need more information

3. What Tribal Departments would participate in the Pilot Program?

--
